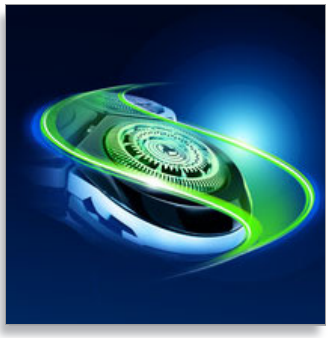
- Aquatec seal for comfortable dry & refreshing wet shaves
- Smooth, low-friction SkinGlide to minimize irritation

Simple replacement
- Easy click off, click on

PHILIPS
NORELCO
sense and simplicity

Highlights

SkinGlide

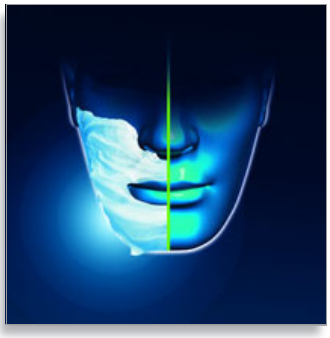


The low-friction SkinGlide shaving surface slides smoothly along your skin for a close easy shave.

Triple-Track shaving heads

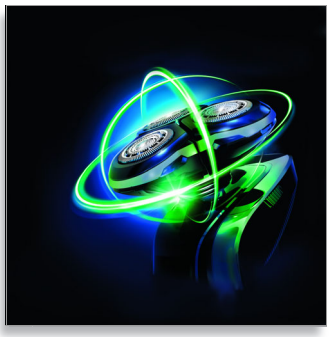
The three shaving tracks of the Triple-Track shaving heads offer 50% more shaving surface than standard, single track rotary shaving heads.

Aquatec



The Aquatec wet & dry seal lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

GyroFlex 3D Shaver



GyroFlex 3D contour-following heads adjust seamlessly to every curve of your face, minimizing pressure and irritation on your skin.

Patented Super Lift&Cut Action

The dual blade system built into our electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

UltraTrack Shaver Heads

Get a close shave that minimizes skin irritation. The shaving head has 3 specialized tracks: slots for normal hair; channels for long or flat laying hair; and holes for the shortest stubble on your face.

Easy click off, click on

Easily renew your shaving unit using our click off, click on system.
